**T**here are many ways to choose a wine. You can go by price, by color, by label, by the name of the winery, or by the name of the grape. But the best way to choose a wine is by the taste. The taste of a wine is determined by the soil, the climate, the weather, and the care of the vineyard. The taste of a wine is also determined by the way it is stored and served. The taste of a wine is also determined by the way it is drunk. The taste of a wine is also determined by the way it is enjoyed.

**W**ine is a complex subject. It is a science, an art, and a passion. It is a way of life. It is a way of thinking. It is a way of feeling. It is a way of being. It is a way of living. It is a way of loving. It is a way of caring. It is a way of sharing. It is a way of giving. It is a way of receiving. It is a way of growing. It is a way of changing. It is a way of becoming. It is a way of being who you are.
